Richard Louv

The Nature Principle: Health, Nature and Quality of Life

There is no practical alternative for hope!

Places to dig a hole
Build an Earthship

Enlarge our Universe!

Green

New images of the future

Rainy images
We're attracted most to nature
- Landscapes
- Savannahs
- View of water

Productivity goes up 10% faster, efficiency grows

We have to create - not just steward... not just say

Positive signs
We find all of life's so rooted in nature -
Open Doors to Wonder -
Not too late to feel more alive!

We have a choice!

We use all of our senses at the same time!
