Guide Creativity in the Plant Maker Studio

Purpose:
Volunteers teaching in the Plant Maker Studio excite curiosity about plants and offer visitors of all ages a chance to make discoveries during their visit to the Arboretum. Each topic is loaded with sensory appeal and take home information. The Plant-Maker Studio offers people of all ages the opportunity to dig into nature and get their hands on plants. New activities featured every two months.

Responsibilities and Volunteer Commitment:
● Attend the training for the topic you plan to volunteer for
● Volunteer twice for each training session you attend
● Assist the public with planting, cooking, art projects or other plant craft
● Restock supplies and help keep work tables clean and tidy
● Answer visitor questions
